September brings clearer weather in most years, with warmer temperatures on average than in July and August. On a statistical basis, September is San Francisco's warmest month and one of its driest.

# SAN FRANCISCO FOLKBOAT CUP 5. - 12. SEPTEMBER 2015

## San Francisco Weather in September

**Average High Temperature:** 73° F/23° C

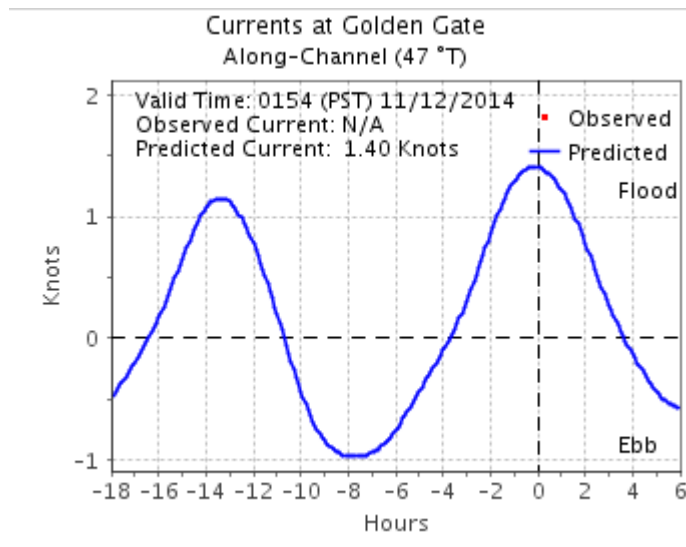

**Average Low Temperature:** 56° F/13° C

**Rain & Clouds Index:** 0.26 inches (0.7 cm) rain, 72% sunshine

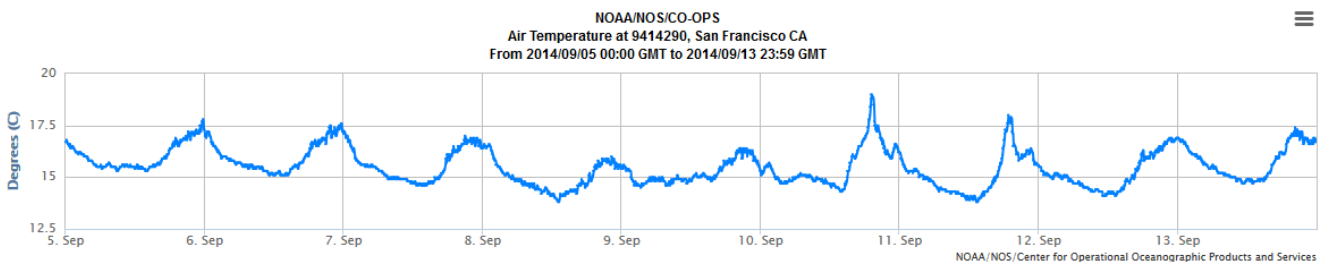

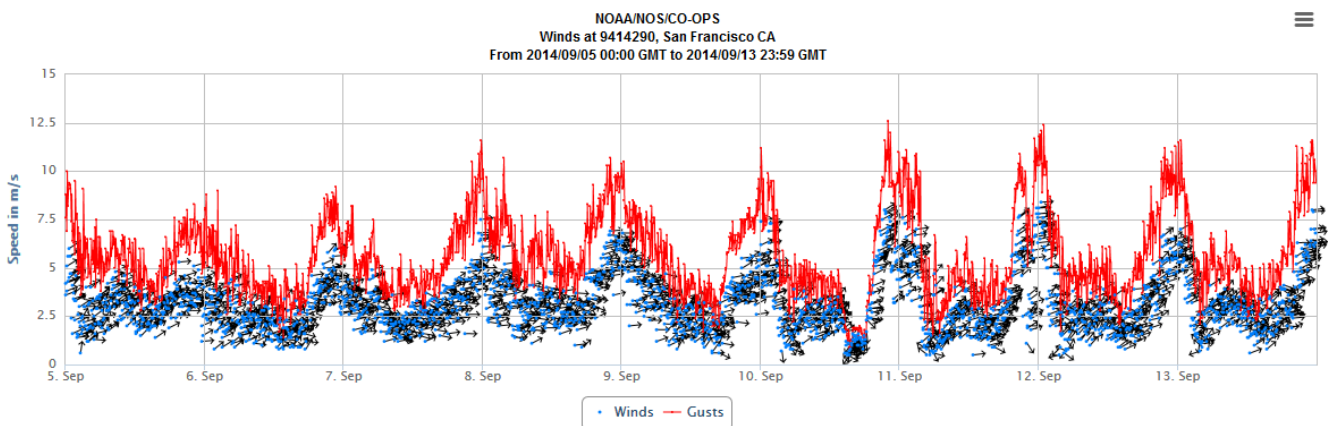

## What to Pack, What to Wear in September

With less fog and no rain, light layers will usually be plenty. An extra jacket or layer will feel nice in the evening. Rainfall is generally unlikely, but if your jacket is rainproof, it can do double duty.
